MELBOURNE
ARCHDIOCESE
CATHOLIC SCHOOLS

St Columba's
Primary School

St Columba's Primary School is a school which operates with the consent of the Catholic Archbishop of Melbourne and is owned, operated and governed by Melbourne Archdiocese Catholic Schools Ltd (MACS).

Introduction

At St Columba's Primary School, we hold the care, safety and wellbeing of children and young people as a central and fundamental responsibility of our school. Our commitment is drawn from and inherent to the teaching and mission of Jesus Christ, with love, justice and the sanctity of each human person at the heart of the gospel ([CECV Commitment Statement to Child Safety](#)).

The person of each individual human being, in his or her material and spiritual needs, is at the heart of Christ's teaching: this is why the promotion of the human person is the goal of the Catholic school ([The Catholic School on the Threshold of the Third Millennium](#), n. 9).

At St Columba's Primary School our School Mission is to create a warm, friendly, family centred environment where all work together to inspire excellence. We promote, teach and live by the Gospel values of Jesus Christ. We aim to provide a comprehensive curriculum that challenges and enhances individual student learning. We are dedicated to working collaboratively and professionally to achieve a high standard of learning and teaching that empowers students with skills for the future. We recognise the unique qualities of each person and strive to create an environment with a sense of security, happiness and wellbeing. We promote the awareness, tolerance and acceptance of all and are dedicated to the development and dignity of the whole person.

At St Columba's Primary School we are committed to creating a nurturing school environment where children are respected, their voices are heard and where they are safe and feel safe. It is everyone's responsibility to report information about child abuse.

Purpose

The purpose of this Policy is to demonstrate the strong commitment of St Columba's Primary School to the care, safety and wellbeing of all students at our school. It provides an outline of the policies, procedures, actions and strategies that will be implemented to ensure that a child safe culture is championed and modelled at all levels of the school, to keep students safe from harm, including all forms of abuse in our school environment, on campus, online and in other locations provided by the school.

This Policy takes into account relevant legislative requirements within the state of Victoria, including the specific requirements of the Child Safe Standards as set out in [Ministerial Order No. 870](#).

This Policy applies to school staff, including school employees, volunteers, contractors and clergy. It should be read in conjunction with the following related school policies and procedures:

1. PROTECT: Identifying and Responding to Abuse – Reporting obligations
2. Child Safety Code of Conduct
3. Reportable Conduct Policy.

Principles

Catholic schools have a moral, legal and mission-driven responsibility to create nurturing school environments where children and young people are respected, their voices are heard, and they are safe and feel safe (CECV Commitment Statement to Child Safety).

The following principles underpin our commitment to child safety at St Columba's Primary School:

- All students deserve, as a fundamental right, safety and protection from all forms of abuse and neglect.
- Our school works in partnership with families and the community to ensure that they are engaged in decision-making processes, particularly those that have an impact on child safety and protection.
- All students have the right to a thorough and systematic education in all aspects of personal safety, in partnership with their parents/guardians/carers.
- All adults in our school, including teaching and non-teaching staff, clergy, volunteers and contractors, have a responsibility to care for children and young people, to positively promote their wellbeing, to identify and mitigate risks related to child safety and wellbeing in the school environment and to protect them from any kind of harm or abuse.
- The policies, guidelines and codes of conduct for the care, wellbeing and protection of students are based on honest, respectful and trusting relationships between adults and children and young people.
- Policies and practices demonstrate compliance with legislative requirements and cooperation with the Church, governments, the police and human services agencies.
- All persons involved in situations where harm is suspected or disclosed must be treated with sensitivity, dignity and respect.
- All members of the school community (including students and their families) are kept informed of child safety and wellbeing matters (where appropriate) and are involved in promoting child safety and wellbeing.
- Staff, clergy, volunteers, contractors, parents and students should feel free to raise concerns about child safety, knowing these will be taken seriously by school leadership.
- Appropriate confidentiality will be maintained, with information being provided to those who have a right or a need to be informed, either legally (including under legislated information sharing schemes being Child Information Sharing Scheme (CISS) or Family Violence Information Sharing Scheme (FVISS)) or pastorally.

Definitions

Child means a child enrolled as a student at the school.

Child abuse includes:

- (a) any act committed against a child involving:
 - (i) a sexual offence
 - (ii) an offence under section 49B(2) of the *Crimes Act 1958* (grooming)
- (b) the infliction, on a child, of:
 - (i) physical violence
 - (ii) serious emotional or psychological harm
- (c) serious neglect of a child

Child safety encompasses matters related to protecting all children from child abuse, managing the risk of child abuse, providing support to a child at risk of child abuse, and responding to suspicions, incidents, disclosures or allegations of child abuse (Ministerial Order No. 1359).

Child neglect includes a failure to provide the child with an adequate standard of nutrition, medical care, clothing, shelter or supervision to the extent that the health and physical development of the child is significantly impaired or placed at serious risk ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#)).

Child physical abuse generally consists of any non-accidental infliction of physical violence on a child by any person ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#)).

Child sexual abuse is when a person uses power or authority over a child to involve them in sexual activity. It can include a wide range of sexual activity and does not always involve physical contact or force ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#)).

Emotional child abuse occurs when a child is repeatedly rejected, isolated or frightened by threats, or by witnessing family violence ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#)).

Grooming is when a person engages in predatory conduct to prepare a child for sexual activity at a later date. It can include communication and/or attempting to befriend or establish a relationship or other emotional connection with the child or their parent/carer ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#)).

Mandatory reporting: The legal requirement under the *Children, Youth and Families Act 2005* (Vic.) to protect children from harm relating to physical and sexual abuse. The Principal, registered teachers and early childhood teachers, school counsellors, religious clergy, medical practitioners and nurses at a school are mandatory reporters under this Act ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#)).

Reasonable belief – mandatory reporting: When school staff are concerned about the safety and wellbeing of a child or young person, they must assess that concern to determine if a report should be made to the relevant agency. This process of considering all relevant information and observations is known as forming a reasonable belief. A 'reasonable belief' or a 'belief on reasonable grounds' is not the same as having proof, but is more than mere rumour or speculation. A reasonable belief is formed if a reasonable person in the same position would have formed the belief on the same grounds ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#)).

Reasonable belief – reportable conduct scheme: When a person has a reasonable belief that a worker/volunteer has committed reportable conduct or misconduct that may involve reportable conduct. A reasonable belief is more than suspicion and there must be some objective basis for the belief. It does not necessitate proof or require certainty.

NOTE: the difference between the reasonable belief definitions under mandatory reporting and the reportable conduct scheme is the category of persons who are required to, or can, form the reasonable belief which forms the basis for a report.

Reportable conduct: Five types of reportable conduct are listed in the *Child Wellbeing and Safety Act 2005* (Vic.) (as amended by the *Children Legislation Amendment (Reportable Conduct) Act 2017*). These include:

1. sexual offences (against, with or in the presence of a child)
2. sexual misconduct (against, with or in the presence of a child)
3. physical violence (against, with or in the presence of a child)

4. behaviour that is likely to cause significant emotional or psychological harm
5. significant neglect.

School environment means any of the following physical, online or virtual places used during or outside school hours:

- a campus of the school
- online or virtual school environments made available or authorized by St Columba's Primary School for use by a child or student (including email, intranet systems, software, applications, collaboration tools and online services)
- other locations provided by the school or through a third-part provider for a child or student to use including, but not limited to, locations used for school camps, approved homestay accommodation, delivery of education and training, sporting events, excursions, competitions and other events) (Ministerial Order No. 1359).

School staff means an individual working in a school environment who is:

- directly engaged or employed by a school governing authority
- a contracted service provider engaged by MACS (whether or not a body corporate or any other person is an intermediary) engaged to perform child-related work for St Columba's Primary School
- a minister of religion, a religious leader or an employee or officer of a religious body associated with MACS (Ministerial Order No. 1359).

Volunteer means a person who performs work without remuneration or reward for St Columba's Primary School in the school environment.

Expectation of our school staff – Child Safety Code of Conduct

At St Columba's Primary School we expect school employees, volunteers, contractors and clergy to proactively ensure the safety and wellbeing of students at all times, to identify concerns about child safety and wellbeing and to take appropriate action if there are concerns about the safety and wellbeing of any child at the school. All school staff must remain familiar with the relevant laws, the code of conduct, and policies and procedures in relation to child protection, and comply with all requirements. We have developed a [Child Safety Code of Conduct](#), which recognises the critical role that school staff play in protecting the students in our care and establishes clear expectations of school employees, volunteers, contractors and clergy for appropriate behaviour with children in order to safeguard them against abuse and/or neglect.

Our Code also protects school staff and volunteers through clarification of acceptable and unacceptable behaviour.

Student safety and participation

At St Columba's Primary School, we actively encourage all students to openly express their views and feel comfortable about giving voice to the things that are important to them.

We teach students about what they can do if they feel unsafe and enable them to understand, identify, discuss and report their concerns. We listen to and act on any concerns students, or their parents or carers, raise with us.

The curriculum design integrates appropriate knowledge and skills to enhance students' understanding of being safe, as well as their understanding of their rights to safety, information and participation. Teaching and learning strategies that acknowledge and support student agency and voice are implemented. We ensure that students are offered access to sexual abuse prevention programs and to relevant related information in an age-appropriate way.

We have developed appropriate education about:

- standards of behaviour for students attending our school
- healthy and respectful relationships (including sexuality)
- resilience
- child abuse awareness and prevention.

We have also developed curriculum planning documents that detail the strategies and actions the school takes to implement its obligations to ensure that:

- children and students are informed about all of their rights, including to safety, information and participation
- the importance of friendship is recognised and support from peers is encouraged, to help children and students feel safe and be less isolated
- staff and volunteers are attuned to signs of harm and facilitate child-friendly ways for children and students to express their views, participate in decision-making and raise their concerns
- we have strategies in place to develop a culture that facilitates participation and is responsive to the input of children and students
- we provide opportunities for children and students to participate and is responsive to their contributions to strengthen confidence and engagement
- students are offered access to sexual abuse prevention programs and to relevant information in an age-appropriate way.

At St Columba's Primary School children are provided with forums such as the Student Representative Council (SRC), regular sessions of Circletime held in each class and participation in student wellbeing

surveys, conducted annually, to voice concerns or forward suggestions that can make St Columba's Primary School a safer learning environment.

Students can directly approach the Principal, Deputy Principal, classroom teachers, specialist teachers, learning support officers and administration officer to seek advice or receive assistance at any time. Our adherence to the Victorian Curriculum supports children to understand and maintain their personal safety and wellbeing.

We explicitly teach the Social and Emotional curriculum using the Bounce Back program, Respectful Relationships and use the Daniel Morcombe Child Safety Curriculum. At St Columba's Primary School, we begin each term with a focussed Wellbeing Week to ensure connectedness to school. We have a dedicated Student Wellbeing Leader/ chaplain who actively works in all classrooms and facilitates programs such as Peaceful Kids, Better Buddies, St Columba's Kids and other small group sessions based on social and emotional learning, all of which supports the nurturing of student wellbeing at St Columba's Primary School and also equips children with understandings and strategies related to their personal safety.

Regular Student Wellbeing meetings are structured into our staff meeting agenda and teachers meet with the Student Wellbeing Team once a term to discuss any concerns or needs of children in their class. Each of these promotes the empowerment of children and provides opportunities for children to contribute meaningfully and in partnership with the school community. The provision of a school psychologist ensures that children are able to access further social emotional support, should it be required.

During 2018, the SRC assisted in the creation of a child friendly version of this code of conduct which has been widely promoted throughout the school and is available on the school website. It is reviewed annually by the SRC.

Reporting and responding

Our school creates records relevant to any child safety complaints, disclosures or breaches of the Child Safety Code of Conduct, and maintains and disposes of those records in accordance with security and privacy requirements and [Public Record Office Victoria Recordkeeping Standards](#) (including minimum retention periods). Our school complies with legal obligations that relate to managing the risk of child abuse under the *Children, Youth and Families Act 2005* (Vic.), the *Crimes Act 1958* (Vic.), the *Child Wellbeing and Safety Act 2005* (Vic.) and the recommendations of the [Betrayal of Trust](#) report.

Child protection reporting obligations fall under separate pieces of legislation with differing reporting requirements.

Our school's [PROTECT: Identifying and Responding to Abuse – Reporting obligations](#) updated on 22nd June 2022 sets out the actions required under the relevant legislation when there is a reasonable belief that a child at our school is in need of protection or a criminal offence has been committed, and provides guidance and procedures on how to make a report.

Our policy assists staff, volunteers and families to:

- identify the indicators of a child or young person who may be in need of protection
- understand how a reasonable belief is formed under the reportable conduct scheme as well as mandatory reporting
- make a report of a child or young person who may be in need of protection
- comply with mandatory reporting obligations under child protection law, and their legal obligations relating to child abuse and grooming under criminal law
- understand and comply with information sharing and recordkeeping obligations

- comply with reporting obligations under the reportable conduct scheme including obligations to report and investigate allegations of reportable conduct.

Our school has also established additional internal procedures and processes to help ensure that appropriate action is taken to respond to concerns about the wellbeing and/or safety of a student.

Our school is a prescribed Information Sharing Entity (ISE) meaning that, where legislated requirements are met, it is able to share confidential information with other ISEs to promote child wellbeing or safety under the CISS or FVISS.

St Columba's Primary School staff, in partnership with families, will ensure children are engaged and active participants in the decision making processes, particularly those that have an impact on their safety. This means that the views of staff, children, young people and families are taken seriously and their concerns are addressed in a just and timely manner. Children are also provided with the necessary skills and knowledge to understand and maintain their personal safety and wellbeing.

At St Columba's Primary School if any member of our school community has concerns for a child's safety they need to discuss, they can notify the school Principal or the Deputy Principal. In the case they are not available, then it should be discussed with a member of the school leadership team. Alternatively, any member of the school community may report directly to the responsible authority.

The staff member, supported by the Principal will follow the step-by-step guide to making a report as outlined in the [Four Critical Actions for Schools: Responding to Incidents, Disclosures and Suspicions of Child Abuse](#).

Screening and recruitment of school staff

St Columba's Primary School will apply thorough and rigorous screening processes in the recruitment of employees and volunteers involved in child-connected work. Our commitment to child safety and our screening requirements are included in all advertisements for such employee, contractor and volunteer positions, and all applicants are provided with copies of the school's Child Safety Code of Conduct and the Child Safety and Wellbeing Policy.

Each job description for staff involved in child-connected work has a clear statement that sets out the requirements, duties and responsibilities regarding child safety for those in that role and the occupant's essential qualifications, experience and attributes in relation to child safety and wellbeing.

When recruiting and selecting employees, contractors and volunteers involved in child-connected work, we make all reasonable efforts to gather, verify and record the following information about any person we propose to engage:

- confirm the applicant's Working with Children Check and National Police Check status and/or professional registration (as relevant)
- obtain proof of personal identity and any professional or other qualifications
- verify the applicant's history of work involving children
- obtain references that address the applicant's suitability for the job and working with children.

We will also ensure that appropriate supervision or support arrangements are in place in relation to the induction of new school staff into the school's policies, codes, practices and procedures governing child safety and child-connected work.

We have procedures and processes for monitoring and assessing the continuing suitability of school staff to work with children, including regular reviews of the status of Working with Children Checks and staff professional registration requirements such as Victorian Institute of Teaching (VIT) registration.

St Columba's Primary School implements the following CECV guidelines:

- *Guidelines on the Employment of Staff in Catholic Schools*
- *Guidelines on the Engagement of Volunteers in Catholic Schools*
- *Guidelines on the Engagement of Contractors in Catholic Schools*
- *NDIS/External Providers: Guidelines for Schools.*

Child safety – education and training for school staff

St Columba's Primary School provides employees, volunteers and clergy with regular and appropriate opportunities to develop their knowledge of, openness to and ability to address child safety and wellbeing matters. This includes induction, ongoing training and professional learning to ensure that everyone understands their professional and legal obligations and responsibilities, and the procedures for reporting suspicion of child abuse and neglect.

At least annually, our professional learning and training addresses:

During this time all relevant policies are issued and discussed in detail. All staff at St Columba's Primary School are issued annually the Staff Handbook. Obligations regarding mandatory reporting and child safety etc. are clearly defined within this and their legal obligations and responsibilities are discussed in detail prior to commencing the year. Throughout the year during staff meetings and/or wellbeing meetings and the staff news, staff are provided opportunities for further ongoing training and professional learning on child safety.

Family engagement – strategies and actions

St Columba's Primary School ensures that families, carers and other members of the school community are informed about relevant child safety and wellbeing matters and are involved in the promotion of child safety and wellbeing at the school. We aim to ensure that:

- families participate in decisions relating to child safety and wellbeing which affect their child

Risk management

At St Columba's Primary School, we are committed to proactively and systematically identifying and assessing risks to student safety across our whole school environment, and reducing or eliminating (where possible) all potential sources of harm. We document, implement, monitor and annually review our risks and risk management strategies for child safety and wellbeing, evaluate the effectiveness of the implementation of our risk controls and ensure that the strategies change as needed and as new risks arise.

Child Safety Team will:

- Create an environment for children and young people to be safe and to feel safe
- Uphold high principles and standards for all staff, clergy, volunteers and contractors
- Promote models of behavior between adults and children and young people based on mutual respect and consideration
- Ensure thorough and rigorous practices are applied in the recruitment, screening and ongoing professional learning of all staff
- Ensure that school personnel have regular and appropriate learning to develop their knowledge of openness to and ability to address child safety matters
- Provide regular opportunities to clarify and confirm legislative obligations, policy and procedures in relation to children and young people's protection and wellbeing
- Ensure the school meets the specific requirements of the Victorian Child Safety Standards as set out in [Ministerial Order No. 870](#)
- Ensure the school takes specific action to protect children from abuse in line with the three new criminal offences introduced under the *Crimes Act 1958 (Vic.)* and in line with [PROTECT: Identifying and responding to all forms of abuse in Victorian schools.](#)
